

## VRSA simplifies OSHA reporting

Each year public entities must record all recordable workplace injuries and illnesses to the Occupational Safety and Health Administration (OSHA).

**VRSA's OSHA 300 Log Application**, available at no-cost to VRSA members purchasing workers' compensation coverage, helps simplify this process. The app provides the ability to:

- Mark an incident as recordable/non-recordable;
- Apply OSHA coding such as days away from work;
- Track incidents by OSHA departments/locations;
- Print the OSHA log for your annual posting; and
- Export information for record keeping purposes.
