

VRSA

Virginia Risk Sharing Association

Risk Services

The purpose of risk pools, as defined by the Code of Virginia § 15.2- 2703, is to provide participating political subdivisions “risk management services,” as well as insurance coverage.

This mandate drives the work we do, offering unmatched education and training that matters. This includes in-person training, virtual engagements, local workshops, and online training to help prevent and reduce losses.

- **Risk Management Grants:** Our board allocates funds to help prevent and reduce losses. Funds may be used for professional education as well.
- **Accident Review:** Our safety consultants assist in investigations and provide recommendations to prevent or reduce the risk of future accidents.
- **Contract Review:** We provide contract review at no cost to review insurance requirements, ensuring members do not unintentionally waive rights or accept liability on behalf of another.
- **Policy Review:** Members have access to program and policy review from experienced safety consultants.
- **Online Training:** Free, unlimited training is available through the VRSA Online University, in addition to engagements held monthly.
- **Site Inspections:** Our safety consultants are available to conduct site inspections to identify hazards that may cause injuries or property damage, as well as provide recommendations.
- **Driving:** Members are provided defensive and distracted driving training to prevent and reduce automobile losses, the second most frequent type of loss for many public entities.
- **OSHA:** Safety consultants provide OSHA training designed to identify hazards in the workplace and work with members receiving violations.
- **Cybersecurity:** Members receive free cyber monitoring as well as a dedicated cyber defense attorney for incident response. They also have access to a security healthcheck application, sample incident response plan, training & more.
- **Appraisals:** We contract for regular property appraisals by independent, licensed contractors.

VRSA is here to protect our members and their employees, so they can effectively serve their communities.
